

# SEASON'S GREETINGS

## **Season's greetings from ABECE – Your Global Leader of Concrete Roof Tile Machinery**

Yet another unusual year is coming to an end and despite all daily challenges we need to maneuver there is a very positive trend for concrete roof tiles! We are all on a winning journey making concrete roof tiles the No.1 roofing material in the world. Together we are reducing our carbon footprint and increasing profitability with better aesthetics, durability, and availability. Soon we will make it even greater!

We hope all of You will have an enjoyable, peaceful, and well-deserved Holiday with family and friends and keep on being a part of the best team ever for our common success in 2023.

Stay safe, stay strong, stay healthy.

**Wishing You Happy Holidays and a Happy New Year!**
